Tel. +39 0544 451187 Fax +39 0544 459259 - carfibregloss@carfibregloss.com

COVER FEATURES

- **WASHABLE**
- **WATERPROOF**
- **PROTECTED FROM BACTERIA**

Composed of preformed fiberglass panels which perfectly match the lining of the vehicle, **COVER** does not affect in any way the volume and the loading capacity of your vehicle. Moreover, **COVER** is:

- **Lighter compared to ATP insulation** (3-5mm thick) and does not require any updating in the vehicle registration document.
- **Easy to clean.**
- **Easy to fit** (4-6 hours according to the model).
- **Removable and transferable** on another identical vehicle.
- **Patented.**
- Designed and produced according to **EN ISO 9001 certified procedures.**
- **Guaranteed for 2 years.**

ACCESSORIES

- **REINFORCED FLOOR POLYFLOOR**
- **ALUMINIUM FLOOR**
- **MODULAR SHELVES**
- **LOAD RETENTION SYSTEMS**
- **ROOF OR WALL AERATION / VENTILATION**

Car Fibreglass developed a solution for the transport of medicines

which passed with excellent results the texts certifying its compliance to the new European GDP (2013/C 343/01).

The texts certify that **COVER** combined with insulating material, air ducts and an extension of **the original air-conditioning system, allows to maintain the temperature in the loading compartment between 15° and 25°!!**
